Taylor Also Shot by J. S. Leak, and Thought to Be Fatally Wounded.

(Special to The Times-Dispatch.)
SPENCER, VA., November 4.—Further investigation as regards the shooting here Monday morning, developed the fact that Nathan Taylor was also shot by J. S. Leak, leaving him first fired at by Smith & Watson, which struck Taylor about the left breast, ranging diagonally through both lungs, coming out near the right shoulder blade. So Taylor emptied the entire load of a shotgun into Leak, and striking him near the right breast, tearing it away entirely through his chest to the left side and out under the left arm, killing him almost instantly, while Taylor fired down his gun and ran off into the woods in an opposite direction to his home, not knowing whether or not he had shot Leak, and no one knowing that Taylor was hurt until this afternoon, when a party of men found him in an almost dying condition, and carried him home. Dr. J. Russell Perkins and John R. Dillard are in attendance, and the latest report is that he will not live through to-night.

FOR S. S. S. RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which gradually gets into the circulation because of indigestion, constipation, weak kidney action, and other irregularities of the system which are sometimes considered of no importance. This uric acid causes an inflamed and irritated condition of the blood, and the circulation instead of nourishing the different portions of the body, continually deposits into the nerves, muscles, tissues and joints, the irritating, pain-producing acid with which it is filled. Rheumatism can only be cured by a thorough cleansing of the blood, and this is just what S. S. S. does. It goes down into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every part of the body and relieving the suffering caused by this disease. S. S. S. being a purely vegetable blood purifier, is the surest and safest cure for Rheumatism in any of its forms. Book on Rheumatism and any medical advice desired sent free to all who write.

ENGAGEMENT IS OFF

That of Miss Hoffman and Mr. Jenkins Has Been Broken.

BALTIMORE, MD., November 4.—Fashionable society is discussing the announcement to-day that the engagement of Miss Mary Dorothea Hoffman, daughter of Mr. and Mrs. R. Curzon Hoffman, to Mr. T. Courtney Jenkins, son of Mr. and Mrs. Joseph W. Jenkins, has been broken. The wedding was to take place, it was said, in a few weeks. The announcement is made by the Hoffman family.

It is said by friends of the Hoffman and Jenkins families that religious differences were responsible for the broken engagement. The Hoffmans are Episcopalians and attend Christ Church, while the Jenkinses are devout Roman Catholics. Both families are numbered among the most influential wealthy and prominent people of the State. The father of Miss Hoffman is the head of the firm of R. C.

Hoffman & Co., and was at one time president of the old Seaboard Air Line and the Baltimore Steam Packet Company. He is also the president of the Maryland Club.

Mr. Joseph W. Jenkins is a brother of Michael and George C. Jenkins, and, with them, is identified with large interests in Baltimore and the South. When Miss Ellen Jenkins died last summer she left \$50,000 each to her nieces and nephews. Mr. T. Courtney Jenkins being one of the heirs.

The engagement of Miss Hoffman to Mr. Jenkins was announced last April. Miss Hoffman is one of four sisters, the others being Miss Henrietta Hoffman, Mrs. Hanson Duval, of New York, and Miss Lawrence Hoffman, who has not been introduced to society. Her brothers are R. Curzon Hoffman, Jr., and Wilmer Hoffman. She made her debut two winters ago and is one of the most admired girls in society.

NORTH CAROLINA BY FORTY THOUSAND

Estimate of Democratic State Chairman—Some Losses in the Legislature.

(Special to The Times-Dispatch.)
RALEIGH, N. C., November 4.—Democratic State Chairman A. H. Eller says all indications point to a larger Democratic vote in the State than four years ago, the majority being smaller because of more Republicans going to the polls than for eight years. The majority is estimated at 40,000.

There have been some legislative gains and some losses, possibly net loss of ten members of the House and three in the Senate. Democrats appear to have gained one member each from Dare, Pamlico, McDowell and possibly Clay and Graham. The Democratic legislative losses seem to be in Rockingham, Forsythe, Orange, Davidson, Cabarrus, Buncombe. Chairman Eller says it is evident that the Republicans concentrated efforts in counties that were lost especially in the legislative ticket. Democrats have lost no county where the former majorities were considered safe.

Local Problems Divide People

The State chairman says that this being a presidential year and a year following the discussion of the movement of great problems which divided the people of the State, it was expected that the dominant party would feel the effect of such adjustment of these problems, as all parties must do. The further fact that for twelve years the Republican party has been persistently preaching the doctrine that prosperity follows their policies and that disaster follows Democratic administration has, of course, had its effect. While the Democratic party exposed these fallacies, yet it was impossible in the course of one year to reach the people and remove impressions which have been instilled for years. Under such circumstances the Democratic party should feel proud of the fact that a greater party vote is polled than for eight years. And that the party stood firm and showed that the Democracy of North Carolina is determined to take care of her own State under any and all circumstances.

Slow to Get Full Returns in N. C.

(Special to The Times-Dispatch.)
RALEIGH, N. C., November 4.—In no campaign for many years have election returns for twenty-four hours after polls closed been so meagre. The day over, this election, there having been thus far received a mere handful of actual county reports in comparison with the 100 that should have been received. The State Chairman Eller last night claimed the State ticket majority at 40,000 to 50,000. During to-day he estimated it as probably 40,000. To-night he thinks it can't be less than 35,000. Governor Glenn believes the majority will not be over 30,000.

indicate 30,000 majority. Loss of the Eighth Congressional District by 1,500 is conceded by Democrats. The Tenth is claimed by the Republican party. The State Chairman Eller last night claimed the State ticket majority at 40,000 to 50,000. During to-day he estimated it as probably 40,000. To-night he thinks it can't be less than 35,000. GOVERNOR GLENN ON RESULT IN NORTH CAROLINA

(Special to The Times-Dispatch.)
RALEIGH, N. C., November 4.—Governor R. H. Glenn, just in to-night from voting at Winston-Salem, says he attributes Republican gains in North Carolina to perfect organization of the party, and lack of organization on the part of the Democrats, who, he says, relied too much on the great popularity of the presidential candidate and impracticability of their State as a part of the Solid South. Again, in North Carolina, where Democrats have been defeated, it is largely due, he says, to extermination and re-extermination among Democrats in seeking the nominations. Reforms in party management and party primaries for nominations, he declares to be essential to future party success.

Charcoal Removes Stomach Poisons

Pure Charcoal Will Absorb One Hundred Times Its Volume in Poisonous Gases.

Charcoal was made famous by the old monks of the Middle Ages as a means of stomach, liver, blood and bowel troubles by this simple remedy. A little nervous Frenchman held forth its virtues before a learned convention of European physicians and surgeons. Sechevren was his name. He was old, quaint and very determined. His brother's medicine laughed at his claims. Thereupon he swallowed two grains of strychnine, and to the astonishment of the doctors, he did not even have to go to bed. The charcoal killed the effects of the strychnine, and Sechevren was famous. Ever since that day physicians have used it. Run impure water through charcoal, and you have a pure, delicious drink.

Bad breath, gastritis, bowel gases, torpid liver, impure blood, etc., give way before a action of charcoal. It is really a wonderful adjunct to nature, and is a most inexhaustible storehouse of health for the man or woman who suffers from gases or impurities of any kind.

Stuart's Charcoal Lozenges are made of pure willow bark, and are a palatable state with honey. Two or three of them cure an ordinary case of bad breath. They should be used after every meal, especially if one's breath is prone to be impure. These little lozenges have nothing to do with medicine. They are made of fresh willow, burned to a nicety for charcoal making, and fragrant honey, the product of the bee. Thus every breath comes to man from the lap of nature.

The only secret lies in the Stuart process of concentrating the active substances into a hard tablet or lozenge, so that age, evaporation or decay may not assail their curative qualities. You may take as many of them as you wish, and the more you take the quicker you will remove the effects of bad breath and impurities arising from indigestion or decaying meat. They assist digestion, purify the blood and help the intestines and bowels thrown off all waste matter. Go to your druggist at once and buy a package of Stuart's Charcoal Lozenges, price 25 cents. You will soon be told by your friends that your breath is not so bad as it was. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.

defeated aspirant for the governorship of North Carolina, says he is delighted with the result in his State; that he was enabled to win down the Democratic majority 30,000 votes, and assisted in electing three Congressmen, which was glory enough for him. He had made an unequal fight for the good of his State; that business men rallied to the Republican ticket, and that rebuke has been given to the Legislature, and that he believed North Carolina would soon be in the Republican column. Mr. Cox said that he was well satisfied with his vote at home and everywhere. He had been instrumental in assisting conservative men in raising the standard of campaign. There has never been a cleaner campaign. In regard to his expenses he said publishing of same would surprise Democrats at its smallness.

GREAT MISSION CONGRESS CALLED

Roman Catholic Church in America No Longer a Missionary District.

Bishop Van de Vyver, accompanied by five or six of the priests of this diocese, will attend the American Catholic Missionary Congress, to meet in Chicago on November 15th, planned as one of the most important gatherings in the history of the American Catholic Church. Father Magri, secretary of the diocese, said last night that about seventy-five bishops would be in attendance, with several hundred priests and as many lay delegates.

The Congress marks the beginning of a missionary undertaking on the part of the Roman Catholic Church in this country following hard upon the elevation of the American church to the position of independence, instead of being a missionary district, governed by the propaganda. American bishops will now report directly to His Holiness, the Pope, in all spiritual matters, the church in this country being from now on to be governed by the charge of the Consistorial Congregation, composed of eleven cardinals and the Pope, instead of under the propaganda of the faith, which governs the church in mission countries.

At the Chicago congress, Apostolic Delegate Falconio will represent the Vatican. Archbishop Ireland, of St. Paul, with Archbishop Glennon, of St. Louis, and Bishops McGovern and Scannell will leave for Rome this week. They are the first American prelates to visit the first American prelates to visit the Pope under the new dispensation, and it is believed their counsel will be availed of in the first operations of the changed law. This is especially important in the case of many of the bishops, and which list includes an archbishop for Santa Fe, a coadjutor for San Francisco, new bishops for Cleveland, Toledo and Hartford; coadjutors and auxiliaries in Detroit, Peoria, St. Paul, Dubuque, Syracuse, Burlington and Milwaukee.
